CDOT Erosion Control Supervisor Class

*Wednesday, February 22, 2012
8:00 am - 5:00 pm*

This course is the certification course for the Colorado Department of Transportation (CDOT) Erosion Control Supervisor (ECS). This program has been developed for the Erosion Control Supervisor responsible for the proper installation, maintenance and inspection of Best Management Practices (BMPs) for the control of erosion and sedimentation at construction sites.

Upon successful completion of this course, attendees will receive Erosion Control Supervisor certification. This class will focus on the legal requirements, supervisory duties, paperwork requirements and CDOT specific requirements that are applicable to any size construction project.
