

ANNOUNCEMENT

Online BMP 101 & BMP 201

Programs taken together

March 15 (online), March 22 & 23 (TBD), 2022

On line registration open soon: www.altitudeta.com

The BMP 101 & 201 (Montana) include 3 days of training comprised of the one day prerequisite class (BMP 101) as well as the 2 day SWPPP Administrator/Preparer Certification program. The cost when these 2 programs are taken together is discounted. These classes meets the educational requirements of the Montana Construction General Permit and has been authorized by the DEQ. The certification is valid for 3 years. NOTE: the format for the class either online or in person is to be determined. If the class is conducted in person, it will be offered in Billings.

COST: BMP 101 & 201 taken together- \$475/person.

The class will run from 8am to approximately 4pm both days. If done online, you will need a computer with camera and microphone. If the class is done in person, be prepared to have a hard hat, high visibility vest and proper foot wear for the day 2 field trip to a construction site.
